

The 3rd International Conference on Science of Cyber Security (SciSec 2021)

August, 2021 Shanghai, China Website: www.sci-cs.net

INTRODUCTION

The 3rd International Conference on Science of Cyber Security (SciSec'2021) will be held August, 2021 in Shanghai, China. The conference is organized by Fudan University. This new forum was initiated in 2018 and aims to catalyze the research collaborations between the relevant communities and disciplines that can work together to deepen our understanding of, and build a firm foundation for, the emerging Science of Cyber Security. Publications in this venue would distinguish themselves from others by taking or thinking from a holistic perspective about cyber security, rather than a building-block perspective. Each submission will be reviewed by at least 3 reviewers. The program committee plans to select and award a Best Paper. The post-conference proceedings will be published in Springer's Lecture Notes in Computer Science (LNCS) series.

TOPICS OF INTEREST

The conference solicits high-quality, original research papers that can justifiably help achieve the ultimate Science of Cyber Security. Topics of interest include, but are not limited to:

- Cybersecurity Dynamics
- Cybersecurity Metrics and Their Measurements
- First-principle Cybersecurity Modeling and Analysis
- Cybersecurity Data Analytics
- Quantitative Risk Management for Cybersecurity
- Big Data for Cybersecurity
- Artificial Intelligence for Cybersecurity
- Machine Learning for Cybersecurity
- Economics Approaches for Cybersecurity
- Social Sciences Approaches for Cybersecurity
- Statistical Physics Approaches for Cybersecurity
- Complexity Sciences Approaches for Cybersecurity
- Experimental Cybersecurity
- Macroscopic Cybersecurity
- Statistics Approaches for Cybersecurity
- Human Factors for Cybersecurity
- Compositional Security
- Biology-inspired Approaches for Cybersecurity
- Synergetics Approaches for Cybersecurity

Important Dates

Paper Submission: May 1, 2021
Notification of Acceptance: June 22, 2021
Poster submission: July 20, 2021
Poster acceptance notification: July 25, 2021
Pre-Conference Proceedings Camera-Ready Version: August 5, 2021
Post-Conference Proceedings Camera-Ready Version: September 5, 2021

New to SciSec'2021:

There will have a poster session. The submission should be no more than two pages. Accepted posters will not appear in the post-conference proceedings, but will be invited to submit full version papers to a special issue of IJDCF. At least one author of a poster must register to attend the conference.

COMMITTEES

Steering Committee

Guoping Jiang (Nanjing University of Posts and Telecommunications, China)
Feng Liu (Institute of Information Engineering, Chinese Academy of Sciences, China)
Shouhuai Xu (University of Texas at San Antonio, USA)
Moti Yung (Google and Columbia University, USA)

General Co-Chairs

Zhen Lei (Fudan University, China)
Feng Liu (Institute of Information Engineering, Chinese Academy of Sciences, China)

PC Co-Chairs

Wenlian Lu (Fudan University, China)
Kun Sun (George Mason University, USA)
Moti Yung (Google and Columbia University, USA)

Organization Committee Chair

Lei Shi (Fudan University, China)

Publicity Co-Chairs

Habtmu Abie (Norwegian Computing Center, Norway)
Guen Chen (University of Texas at San Antonio, USA)
Noseong Park (George Mason University, USA)
Chunhua Su (University of Aizu, Japan)
Jia Xu (Nanjing University of Posts and Telecommunications, China)
Fei Yan (Wuhan University)
Xiaofan Yang (Chongqing University, China)
Jeong Hyun Yi (Soongsil University, Korea)
James Zheng (Macquarie University, Australia)

Web Chair

Yaqin Zhang (Institute of Information Engineering, Chinese Academy of Sciences, China)

Guest Editors for Journal Special Issue Dedicated to SciSec'2020
